

What to Bring

This list is provided to assist our clients when selecting gear for their upcoming hunt. The list is focused on the equipment needed for Moose Hunting but many of the items listed will also apply to a Spring Bear Hunt.

For all our hunts you can expect overnight night temperatures to dip below freezing. Daytime temperatures often do not rise above 15c (60f).

Quantities of a particular item are provided when it is important; otherwise, it's up to the client to determine quantities.

For clients flying to an outpost camp, it is important to keep the weight limited to 50 Lbs. You can leave extra gear (hard gun case, travel clothes, etc.) at your cabin at the main lodge during your time at the outpost camp in order help meet the 50 lb. limit.

**This list does not include clothing and footwear you would travel in.*

1 | Clothing, including:

- | | | |
|--|---|---|
| <input type="checkbox"/> One Pair Long Underwear (Merino Wool or Fleece) | <input type="checkbox"/> Fleece Pull Over or Jacket | <input type="checkbox"/> Toque or warm Hunting Cap that can cover the ears |
